CES 2019 NEWS RELEASE

For Immediate Release

CLEER CONNECT SMART DISPLAY SPEAKER DEBUTS AT CES

Las Vegas, NV, CES – January 8, 2019 – Own the moment with Cleer Inc., designer and manufacturer of high-performance audio products as they announce the **CONNECT Smart Home Display Speaker**, a **CES 2019 Innovation Awards Honoree**. The Connect will be showcased and demonstrated at CES 2019 at the Las Vegas Convention Center, South Hall 1 – Booth #20424.

The **CONNECT Smart Home Display Speaker is voice controlled enabled and** is built upon the Qualcomm APQ8053 Smart Audio Platform with robust Bluetooth® 4.2 + BLE and Wi-Fi connectivity for powerful and immersive connected experiences.

“Consumers are rapidly adopting smart speakers of all types. Processing and performance are critical in the delivery of this experience and we’ve been able to deliver class leading sonic, display and voice performance,” said Patrick Huang, President and CEO of Cleer Inc.

Enjoy powerful stereo sound in the living room, office or kitchen via the compact and powerful 2.1 channel 2-way audio driver and passive radiator array housed in the acoustic base. Multiple DSP modes, accessible via the Cleer Connect + app, afford room-filling experiences.

Affording superb far-field voice recognition, the **CONNECT** delivers impressive hands-free interaction and control, especially for voice interface.

Make video calls to friends and family and be entertained via the 8” LCD display with integrated camera. The display easily tilts 25-75 to

accommodate multiple use case scenarios, like working at desk, cooking or even lounging around.

The **CONNECT** will be available in the 2nd Quarter 2019 in – **Beige**, for **\$149.99 MSRP**
